<p>Areas of Strength:</p>	<p>1. The school has a wellness policy and wellness committee meetings.</p> <p>2. The wellness policy provides specific goals for physical activities.</p> <p>3. The wellness policy takes advantage of the FFVP program, which helps promote healthy eating habits.</p>
<p>Opportunities for Improvement</p>	<p>1. Consistency with publication of ongoing wellness committee meeting notes and goals.</p> <p>2. A recent change in administration has resulted in that background knowledge of the status of the 2023-2024 school year wellness goals are unable to ascertain current progress and interim/new administration will need to provide consistency moving forward.</p> <p>3. Opportunities for continued improvement with how to continue to incorporate wellness education and wellness initiatives at school.</p>

<p>for new language if possible), Have the changes been approved by the school board?</p>	<p><input type="checkbox"/> Yes</p> <p><input type="checkbox"/> No-N/A; general wellness policy will stay the same.</p>
<p>Describe the next steps for strengthening your LSWP.</p>	<p>In order to improve the LSWP, we need to reconvene the wellness committee to review progress towards previous goals as well as identifying new areas for improvement. This will be a priority for the interim and new administration due to the lack of evidence found during the 2023-2024 school year due to a change in administration. Main area of improvement needs to be with how the wellness committee can increase the promotion of smart snacks and continual implementation of wellness initiatives.</p>
